Re: error in application

Mr Boggan called today regarding an error in the application. Applicant states in Part 1(5) (b) that the owner of the property at the location of the point of diversion [POD] is Wendy and Charles Sallas. Mr Geraud filled out the application for the Montalbos and I don't know if he got this misinformation from them or if he checked the county assessor information and recorded it wrong on the application. Mr. Boggan wants the application corrected to state that he is the owner of the POD.

I told Mr Boggan that I could not make a correction on the application itself because that was submitted by and "belongs" to the applicant, but I can note it in the IDWR database. That information will be available whenever IDWR or the public researches this right. I told Mr Boggan I would send him a proof report so that he can see that I made the notation.

Mr Boggan does not intend to file a protest. He just wants to make sure we have the correct information regarding this right.
