Subject: Application for Transfer of Water Right #74856 (Deer Creek Ranch, Blaine Co.)

Mr. Price-

At the request of Paul Arrington, the applicant's attorney, I'm sending you this correspondence to inform you that on May 12th, 2009, an amended application for transfer was submitted for the existing application #74856. This application was submitted to remove 0.8 acres in TWP 03N, RNG 17E, SEC. 26, SESE and 1.0 acres in TWP 03N, RNG 17E, SEC. 26, NWSW from the proposed place of use. According to the notice of protest submitted by the BLM, these tracts are apparently federal public land. Apparently, this application was submitted in response to that protest. The department is ready to move forward on the application once this protest is resolved.

I've attached a copy of the amended application for your information. Please let me know if you have any questions. Thank you.
