STATE OF IDAHO

DEPARTMENT OF WATER RESOURCES

Amended

APPLICATION FOR PERMIT

To appropriate the public waters of the State of Idaho

1. Name of Applicant Crystal Lakes Development Company Phone 208-467-2390
Mailing address 14600 Deer Flat Rd, Nampa, ID 83686 Email _____
Representative Sott King, SPF Water Engineering LLC, 300 E. Mallard, Ste 350, Boise, ID 83706 208-383-4140
2. Source of water supply Ground Water which is a tributary of _____
3. Location of point of diversion is Township 2N Range 3W Sec. 15, in the _____ ¼,
NE ¼, SE ¼, Govt. Lot _____, B.M., Canyon County;
additional points of diversion if any: SWSE, Sec 15
4. Water will be used for the following purposes:
Amount 130 ac-ft for Aesthetic Storage purposes from 1/1 to 12/31 (both dates inclusive)
(cfs or acre-feet per annum)
Amount 130 ac-ft for Fire Protection Storage purposes from 1/1 to 12/31 (both dates inclusive)
(cfs or acre-feet per annum)
Amount 130 ac-ft for Fire Protection From Storage purposes from 1/1 to 12/31 (both dates inclusive)
(cfs or acre-feet per annum)
Amount 3.35 cfs for Diversion to Storage purposes from 1/1 to 12/31 (both dates inclusive)
(cfs or acre-feet per annum)
Amount _____ for _____ purposes from _____ to _____ (both dates inclusive)
(cfs or acre-feet per annum)
Amount _____ for _____ purposes from _____ to _____ (both dates inclusive)
(cfs or acre-feet per annum)
5. Total quantity to be appropriated is (a) 3.35 and/or (b) 130
cubic feet per second acre feet per annum
6. Proposed diverting works:
 - a. Describe type and size of devices used to divert water from the source Wells with electric pumps
 - b. Height of storage dam None feet; active reservoir capacity 130 acre-feet;
total reservoir capacity 130 acre-feet
 - c. Existing well diameter is 16 inches; proposed depth of well is 720-725 feet
 - d. Is ground water with a temperature of greater than 85°F being sought? No
 - e. If well is already drilled, when? NESE well: May 1974 by Pete Cope Drilling for Bryce Millar Farms, No. 798619
SWSE: July 1979 by Pete Cope Drilling for Bryce Millar, No. 798635
7. Time required for completion of works and application of water to proposed beneficial use is 5 years (minimum 1 year)
8. Description of proposed uses (if irrigation only, go to item 9):
 - a. Hydropower; show total feet of head and proposed capacity in kW. _____
 - b. Stockwatering; list number and kind of livestock. _____
 - c. Municipal; show name of municipality. _____
 - d. Domestic; show number of households. _____
 - e. Other; describe fully. Storage in two ponds

9. Description of place of use:

- If water is for irrigation, indicate acreage in each subdivision in the tabulation below.
- If water is used for other purposes, place a symbol of the use (example: D for Domestic) in the corresponding place of use below. See instructions for standard symbols.

TWP	RGE	SEC	NE				NW				SW				SE				TOTALS
			NE	NW	SW	SE	NE	NW	SW	SE	NE	NW	SW	SE	NE	NW	SW	SE	
2N	3W	15															X	X	
		15									F			F	F	F	F	F	

X = Aesthetic and Fire Protection Storage, F = Fire Protection from Storage

Total number of acres to be irrigated _____

10. Describe any other water rights used for the same purposes as described above. Include water delivered by a municipality, canal company, or irrigation district. If this application is for domestic purposes, do you intend to use this water, water from another source, or both, to irrigate your lawn, garden, and/or landscaping? See No. 12 below.

- Who owns the property at the point of diversion? Applicant
- Who owns the land to be irrigated or place of use? Applicant
- If the property is owned by a person other than the applicant, describe the arrangement enabling the applicant to make this filing: _____

12. Describe your proposal in narrative form, and provide additional explanation for any of the items above. Attach additional pages if necessary. Ground water will be diverted from two existing wells for initial fill and year-around storage in two ponds with total combined surface area of 7.4 acres, 30 ft maximum depth and 130 ac-ft total volume. To enable the consumptive use component of the ponds to be subject to an earlier priority date, a portion of right 63-3599D has been proposed for change on the corresponding transfer application from irrigation to aesthetic use to mitigate the ponds' evaporative losses. Irrigation water will be diverted through the ponds during the irrigation season via rights 63-3599D, 63-32076, 63-7825A and 63-7825C.

13. **MAP OF PROPOSED PROJECT REQUIRED** - Attach an 8½"x11" map clearly identifying the proposed point of diversion, place of use, section #, township & range. (A photocopy of a USGS 7.5 minute topographic quadrangle map is preferred.)

BE IT KNOWN that the undersigned hereby makes this application for permit to appropriate the public waters of the State of Idaho as herein set forth.

			NE	NW	SW	SE	NE	NW	SW	SE	NE	NW	SW	SE	NE	NW	SW	SE	
2N	3W	15															I, J, F	I, J, F	
I = Irrigation Storage, J = Aesthetic Storage, F = Fire Protection Storage																			

Total number of acres to be irrigated _____

10. Describe any other water rights used for the same purposes as described above. A portion of 63-3599D is proposed for aesthetic storage (see corresponding transfer). Other associated water rights include 63-3599D, 63-32076, 63-7825A, and 63-7825C.

- Who owns the property at the point of diversion? Applicant
- Who owns the land to be irrigated or place of use? Applicant
- If the property is owned by a person other than the applicant, describe the arrangement enabling the applicant to make this filing: _____

12. Remarks: Ground water will be diverted from several existing wells for year-around storage in two ponds with total combined surface area of 7.4 acres, 30 ft maximum depth, and 130 acre-feet volume. See corresponding transfer application changing the nature of use of right 63-3599D from irrigation to (1) aesthetic storage to offset pond surface evaporation, and (2) ground water recharge to offset non-irrigation season seepage. Initial fill can be balanced by leaving a 42-acre portion of 63-3599D undiverted for one year or renting water from the State Water Bank. Consumptive use is 3.1 ft per year based on Allen & Brockway (1983), Appendix E, Deer Flat Dam, Alfalfa Hay (a crop typically grown under the existing irrigation rights). The 4.62 acre feet identified as irrigation storage is the 24-hour volume per the associated irrigation water rights.

13. **MAP OF PROPOSED PROJECT REQUIRED** - Attach an 8½"x11" map clearly identifying the proposed point of diversion, place of use, section #, township & range. (A photocopy of a USGS 7.5 minute topographic quadrangle map is preferred.)

Re: Application for Permit No. 63-32646 and Application for Transfer No. 73810

Dear Scott:

This office is processing your client's Application for Permit No. 63-32646 and Application for Transfer No. 73810. Since submittal of the last amended applications, two items will need to be addressed prior to further processing of the applications. Those items are as follows:

- Please submit an additional fee of \$80.00 due to the increase in quantity of water requested per the amended application for permit 63-32646 received February 9, 2009. The original application proposed allocation of 130 af of storage water. The associated fee of \$290.00 was receipted at that time. The amended application proposes allocation of 3.35 cfs and 130 af. The applicable fee for this appropriate is \$370.00.
- The amended transfer application proposes to change the ownership of the irrigation and proposed aesthetic portion of right 63-3599D and all of right 63-32076 into the name of the applicant, Crystal Lakes Development Co. In order to do so, the applicant must submit proper ownership documentation demonstrating the applicant's ownership of the proposed place of use to be associated with these rights.

Please submit an additional \$80.00 for the permit fee and ownership documentation requested above to allow for further processing of the applications. Your response, or a request for more time to make your response, must be received within thirty (30) days from the date of this mailing. The application will be voided without a timely written reply. Please contact me at 208-334-2190 if you have any questions. Thank you for your attention to this matter.

Sincerely,

Angela M. Grimm

Subject: Crystal Lakes Development Co. Amended Applications

Dear Angie,

Enclosed on behalf of Crystal Lakes Development Co. (Dan Hukill) are an Amended Application for Transfer and an Amended Application for Permit. Changes made to the applications are those we discussed in our meeting December 4, 2008. Sufficient application filing fees were submitted with the original applications.

Please let me know if you have any questions Angie. Thanks.

Sincerely,

Lori Graves
Water Rights Specialist

Re: Applications for Permit and Transfer

Dear Scott:

I received the amended applications to change the applicants from Hukill to Crystal Lakes Development Company. Upon starting to update the department records, I realized I steered you in the wrong direction by previously suggesting this could be done via amendments of the applications.

Instead, please use the following method.

1. Use an Assignment of Application for Permit for that action (form enclosed).
2. Hukill can submit a notarized letter to assign the transfer application (department does not have a form for this).
3. Both steps require signatures from Daniel and Marcine. Fees are not necessary to complete these actions.

Please excuse any inconvenience to you and your clients by my earlier oversimplification of the necessary steps to put both applications in the name of Crystal Lakes Development Company.

Thank you for your attention to this matter.

Sincerely,

A handwritten signature in cursive script that reads "Steve Lester".

Subject: Application for Permit & Transfer

Dear Steve,

In response to your letter dated April 30, 2007, enclosed are amended applications in the name of Crystal Lakes Development Company rather than Dan and Marcine Hukill. I am submitting these for Scott, since he is currently on vacation. Scott prepared the original applications and remains the primary contact.

Please let Scott know if there are any questions concerning these applications.

Sincerely,

Lori Graves

Re: Application for Permit and Application for Transfer in the Name of Hukill

Dear Scott:

Your recent letter included ownership documents pertaining to two applications filed by your clients on April 11, 2007. The information suggests the proposed place of use for both applications is currently owned by Crystal Lakes Development Company. Mr. Hukill is a representative for that business entity.

Ideally both applications should be amended to match the ownership information. For example, the application for permit states that Daniel and Marcine Hukill own the property. That is not consistent with the current ownership documents.

Please let me know if you need more information in this matter.

Sincerely,

A handwritten signature in black ink, appearing to read 'Steve Lester'.

Attention: Water Supply Bank

Subject: Hukill Application to Rent Water for 2007

Dear Cynthia Bridge-Clark,

Enclosed on behalf of Daniel Hukill is an application to rent water from the water supply bank for 2007. This water will be diverted from an existing well on Mr. Hukill's property to fill two ponds with total surface area of 7.4 acres and total volume of 130 acre-feet. The application seeks a total of 0.75 cfs and 169.7 acre-feet. Mr. Hukill plans to begin filling ponds in July 2007. This application seeks water for pond surface evaporation losses, seepage losses, and for initial fill.

New permit and transfer applications are filed with the Western Region office. These applications seek permanent water rights for these ponds.

If you have any questions or need additional information, please let me know.

Sincerely,

Scott N. King, P.E.

1. Source of water Ground water
tributary to n/a
2. Maximum volume of water 169.7 AF.
3. Maximum rate of diversion 0.75 cfs.

B. DESCRIPTION OF USE PROPOSED

1. Nature of intended use Aesthetic and Fire Protection Storage
2. Location of point of diversion NE ¼ SE ¼, Section 15,
Township 2N, Range 3W, B.M. Canyon County; also
2N 3W 15 SWSE Canyon County.
3. Season of use: From 3/1 to 11/15.
4. Description of diverting works:
Pump HP 100-hp Lift 400-ft Pump type vertical turbine, and 8-
hp submersible.
Canal name, if appropriate n/a.
5. Place of use:
 - a. If water is for irrigation, describe the number of acres to be irrigated by
40-acre tract, section, township and range.
 - b. If water is not for irrigation, describe the nature of the intended use and
the place of use.

Aesthetic and Fire Protection Storage in two lined ponds with total surface area of 7.4 acres and 130 acre-ft maximum volume located at 2N 3W Section 15 SWSE and SESE (one pond in each tract).

6. Describe any other water rights used for the same purposes as rental water sought under this application.

An application for permit seeking aesthetic, fire protection and irrigation storage, and a transfer application changing portions of right 63-3599D to aesthetic storage and ground water recharge were filed in March 2007.

7. Who owns the property at the point of diversion?

Applicant

8. Who owns the property at the place of use?

Applicant

9. Are you seeking a rental for more than one (1) year? No (yes or no)
If yes, for how many years? _____

10. Remarks: Applicant seeks to rent (1) 11.5 acre feet for pond surface evaporation (at 1.55 acre-feet per acre; ponds will be filled mid-July so this amount is one-half of the anticipated annual pond evaporation), (2) 28.2 acre-feet for pond seepage during 2007 (at 0.25 inches per day for 183 days), and (3) 130 acre-feet to fill the ponds.

Attention: Steve Lester

Subject: Hukill permit and transfer applications

Dear Steve,

On behalf of our clients, Daniel and Marcine Hukill, we are pleased to submit the enclosed applications. The application for permit seeks a new water right for aesthetic, fire protection, and irrigation storage in two ponds with total storage volume of 130 acre-feet. Water will be diverted from two existing wells into the ponds for storage.

The transfer application seeks to change four existing water rights, as follows:

- Water right number 63-3599D is changed so that uses include aesthetic storage, ground water recharge, industrial, irrigation, and diversion to storage. The aesthetic storage component of 0.14 cfs / 33.3 acre-feet will balance evaporation from the 7.4 acres of pond surface. The 0.08 cfs / 18.45 acre-feet component will balance seepage from the pond; seepage is assumed to not immediately return to the source aquifer. The 0.04 / 9.0 acre-feet industrial component is for dust control at a gravel extraction operation. The 1.91 cfs / 447.75 acre-feet irrigation component is for 99.5 acres of irrigation within a proposed subdivision development. All flow can be diverted first into the ponds, then from the ponds for other uses, and therefore a 2.17 cfs diversion to storage component is specified.
- Water right number 63-32076 is changed to provide 0.38 cfs / 90 acre-feet for irrigation within the subdivision development. All flow can be diverted first into the ponds, then from the ponds for irrigation use, and therefore a 0.38 cfs diversion to storage component is specified.

RECEIVED

APR 11 2007

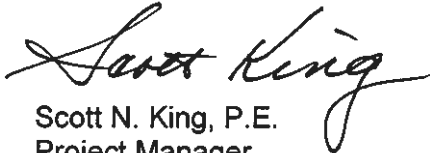

WATER RESOURCES
WESTERN REGION

- Water rights 63-7325A and 63-7325B are changed to specify a place of use that is separate from the other irrigation places of use within the subdivision development.

The subdivision described in these applications is a 158-acre large-lot development. Individual wells will supply in-house uses. Average lot size is approximately three acres. Accounting for streets, homes, driveways, and other non-irrigable areas, the remaining anticipated irrigable area totals about 119 acres. Irrigation components in water right nos. 63-3599D and 63-32076 will supply irrigation uses within the subdivision.

A check for \$660 is enclosed to cover permit application fees of \$290 and transfer application fees of \$370. Warranty deeds documenting the Hukill's ownership of this property are forthcoming. Please contact me if you have questions or need additional information.

Sincerely,

Scott N. King, P.E.
Project Manager
