PROOF ACKNOWLEDGMENT LETTER

Re: Permit No. 47-17100

Dear Permit Holders:

The department acknowledges receipt of the Proof of Beneficial Use form ("proof") and the license examination fee in the amount of \$50.00 for the above-referenced water right permit. As stated in our letter of June 30, 2009, the permit listed the proof of beneficial use due date as March 1, 2004, and the department failed to give you notice before the proof due date. The permit did lapse as of March 1, 2004. The department received your proof statement on August 20, 2009, and does consider your proof received timely. Enclosed is an order that reinstates this permit without advancing the original priority date.

During my review of your proof statement and your water appropriation permit, I noticed you stated on your proof statement that your diversion rate is 0- 0.20 cfs for domestic use of 1 home. However, your permit is limited to a maximum diversion rate of 0.06 cfs for irrigation use. You must limit your water use to the permitted amount. I have enclosed a copy of your proof statement and a copy of the permit for your reference.

The next step in the process of developing a water right is for the department to conduct a field examination to determine and confirm the use being made of the water according to the conditions of the permit.

Be advised that Section 42-248, Idaho Code, requires you as the owner of water rights to maintain current ownership and address records on file with the department. For your information, forms to file a change of ownership of a water right, or a change in the address of the water right owner are available from any department office or from the department's website at: www.idwr.idaho.gov

If you have any questions concerning the field examination, please contact the Southern Regional Office in Twin Falls at 208-736-3033.

Sincerely,

Darla Block
Technical Records Specialist
