Subject: more time for City of Driggs amendment

Kristin,
I just got off the phone with Keith. He was able to tell me that you weren't able to accomplish everything that you wanted to accomplish for the City of Driggs during this holiday-impacted month. I know you've made a good faith effort and I am willing to give you and the city a little more time.

This email is to confirm what Keith and I negotiated. I will hold processing of the City of Driggs water rights until January 12, 2009.

I am confident that you will keep me informed of your progress.

Respectfully,
Michele Edl
