PROPOSED CHANGE OF WATER RIGHTS

Darrel Agenbroad of 27161 Dairy Road, Grand View ID 83624 filed two applications as follows.

Application No. 73748 to transfer a water right with a 1979 priority date from the Snake River totaling 3.82 cfs. The purpose of the transfer is to split the irrigation right and relocate most of it (2.92 cfs) to existing pivots adjacent to the current place of use of the right. No change in diversion point from the river (Bybee Canal). The balance of the right (0.90 cfs) will remain in its current place of use.

Application No. 73749 to transfer a water right with a 1961 priority date from ground water totaling 1.42 cfs. The purpose of the transfer is to move the irrigation right from existing pivots described in the above application to land currently served by river water. The two applications more or less swap places of use for the rights. The site for both applications is near Twentymile Flat about 4 to 5 miles south of Grand View and about 2.5 miles west of Mud Flat Road. The proposed changes have already occurred, and the applicant seeks to correct the water right records.

For specific details regarding the application, please contact the Idaho Department of Water Resources (IDWR) Western Region at 208-334-2190 or visit www.idwr.idaho.gov with detail provided under "new water right applications." Protests may be submitted based on the criteria of Sec 42-222, Idaho Code. Any protest against the proposed change must be filed with the Director, IDWR Western Region, 2735 Airport Way, Boise ID 83705-5082 together with a protest fee of \$25.00 for each application on or before September 8, 2009. The protestant must also send a copy of the protest to the applicant.
