Re: Changes of Former Water Right No. 65-21646 Now Water Right No. 63-33234

Dear Water Right Holder(s):

The Department recently received information regarding the above referenced water right from Kathleen Cunningham on your behalf. She informed the Department the Department's record regarding the map location of the point of diversion for your water right was incorrect. Upon further review, it was also determined that the basin was also recorded incorrectly for your right. Consequently, your right has been re-numbered from 65-21646 to 63-33234 and the point of diversion map location has been updated Department's map records. Enclosed is a water right report and map of the water right elements as they are currently recorded. Please inform the Department if any of the changes made to your water right are incorrect.

Please note that as of July 1, 1996, water right owners are required to report any change of water right ownership and any change of mailing address of the owner of a water right, to the Department. Notice of the change must be provided to the Department within 120 days of the change. Change reporting forms are available from any office of the Department, or at www.idwr.idaho.gov.

Thank you again for your patience and cooperation. If you have any questions concerning the enclosed information, please feel free to contact this office.

Sincerely,

A handwritten signature in black ink, appearing to read 'Angela M. Grimm'.

Angela M. Grimm
Water Resource Agent, Sr.
