PROOF ACKNOWLEDGEMENT LETTER

RE: Permit No. 65-23133

Dear Permit Holder:

The department acknowledges receipt of the proof of beneficial use form submitted for the above referenced permit. The next step in the process of developing a water right is for the department to conduct a field examination to determine and confirm the use being made of the water, and that it meets the permitted beneficial use.

During my review of your proof statement and this water permit, I noticed that your proof statement reflects a total rate of diversion in the amount of .04 cfs. This permit is limited to a maximum diversion rate of 0.02 cfs. I have enclosed a copy of your statement, and a copy of the permit for your reference.

Please be advised that Section 42-248, Idaho Code, requires you or the owner of this water right to maintain current ownership and address records on file with the department. Forms to file a change of ownership of a water right and/or a change in the address of the water right owner are available from any department office, or at the department's website at: www.idwr.idaho.gov

If you have any questions about the field examination, please contact the **Western Regional** Office of the department in Boise at (208) 334-2190.

Sincerely,

Darla Block
