RE: Change of Ownership for Water Rights 55-4001, 4002, 10015, 10274, 13452

Dear Water Right Holder(s):

The Department of Water Resources acknowledges receipt of your Notice of Change in Water Right Ownership. In regards to water rights **55-4001, 55-10015, 55-10274** and **55-13452** the department has modified its records to reflect the change in ownership and has enclosed computer-generated reports for your records.

In regards to water right **55-4002** during our review of the documentation you submitted we found that the legal description submitted with your notice did not exactly match the place of use (POU) of the water right. For your reference I have enclosed a proof report of the water right and an exhibit depicting the water right's current POU and the parcels of land described by the legal description submitted with your Notice. If you wish to continue processing a change in ownership in regards to this water right there are two available options:

1. Submit a revised legal description verifying your ownership of the entire property that the water right is currently associated with.
2. Because the property described in the warranty deed legal description represents a fraction of the total land associated with the water rights, an ownership split can be filed. An ownership split divides the current water right into two parts, one part will be transferred into your name and the second part will remain in the name of the current owner. To file an ownership split refer to Line Instructions six and eight of the "Notice of Change in Water Right ownership" form for instructions in preparing the necessary documents.

Because the Department cannot process the ownership change without proper documentation, we will hold any action on your notice regarding water right **55-4002**, pending receipt of the necessary information. If we do not receive the necessary information within 30 days we will refund you \$25.00 and your notice will not be processed regarding this water right.

Please note that water right owners are required to report any change in water right ownership and/or mailing address to the Department within 120 days of the change. Failure to report these changes could result in a \$100 late filing fee. Contact any office of the Department or visit the Department's homepage on the Internet to obtain the proper forms and instructions.

Please feel free to contact this office if you have any questions regarding this matter.

Respectfully,

A handwritten signature in dark ink, appearing to be 'MW', with a long horizontal line extending to the right.
