RE: Change of Ownership for water right no. 91-4010

We have received your change of ownership form but before we can process the change we need additional information. The Warranty Deed you submitted does not have complete legal descriptions so in order to complete the change of ownership we need a another deed or more information, preferably with metes and bounds of the property. We also need a plat map or aerial photo of the parcel.

Because the Department cannot process the ownership change without proper documentation, we will hold any action on your notice pending receipt of the necessary information. If we do not receive the necessary information within 30 days we will return your notice and all attachments and your notice will not be processed.

Please feel free to contact the Department if you have any questions.

Sincerely,

Sandy Egbert
GIS Specialist

*Talked to Mr. Krupp on the phone twice on 8-10-09.
He thinks the C/O has already been done because of
the acknowledgment letter. He was upset it took
so long to get to the C/O. and he says we have
all the paperwork we need & he has nothing
with better legal descriptions ^{than what is} on the deed.*
