RE: 7/29/09 Lawrence Letter to Worman

- At Worman: Called to discuss letter 3rd paragraph regarding release of data to Worman / IDWR. I stated I did not know the basis of the wording. I am not an attorney and do not offer legal advice. Normally, monitoring / test data is shared with all parties. This is Mr. Worman's choice to accept the proposal.
- Discussed that a hearing is scheduled, and parties may want to pursue the process if a settlement can not be reached.
- Emphasized these decisions are his - Mr. Worman.
- Mr. Worman asked who normally pays for testing? I said it depends on what parties agree, no set way.
