Re: Application For Permit to Appropriate the Public Waters of the State of Idaho
And Claim to a Domestic Water Right

Dear Mr. Donner:

The Department of Water Resources is returning your recently submitted application for a new water right and check in the amount of \$25.00, since the filing was in error as per our telephone conversation.

As previously discussed, you can file a claim in the North Idaho Adjudication, for a domestic water right from your well, with a priority date of when water was first put to beneficial use. Enclosed is a claim form to file for domestic purposes. The fee for filing a domestic claim is \$25.00.

To irrigate more than one-half acre from your well, a water right is required after March 25, 1963. I have enclosed an application for a new water right. The fee for this application is \$100.00, if the diversion is less than 0.2 cfs (90 gallons/minute). The normal diversion allotment is 0.03 cfs per acre, for 5 acres or less.

If you have questions involving the adjudication claim please contact Chad Goodwin or Ken Knoblock at this office and if you have questions on the new water right application feel free to contact me at this office.

Sincerely,

Keith E. Franklin
Senior Water Resources Agent

RE: Application for Permit No 95-10608

Dear Applicant(s):

The Department of Water Resources acknowledges receipt of your water right application. Please refer to the above referenced number in all future correspondence regarding this application.

A legal notice of the application has been prepared and is scheduled for publication in the Priest River Times on June 17 and 24, 2009. Submittal of protests to this application will be allowed for a period ending ten days after the second publication.

If the application is protested you will be sent a copy of the protest(s). All protests must be resolved before the application can be considered for approval. If the protest(s) cannot be resolved voluntarily, the Department will conduct a conference and/or hearing on the matter.

If the application is not protested, it will be forwarded to our State Office in Boise for final processing. The State Office will notify you of any action taken on the application and will send you a copy of the permit if approved. A typical processing time for an unprotested application is about eight to twelve weeks.

Please feel free to contact this office if you have any questions.

Sincerely,

Keith E. Franklin
Senior Water Resource Agent
