RE: Change in Ownership for Water Rights 57-10877, 61-252D, 61-10033A,
61-10033B, 61-10034, 61-10076, 61-11737, & 61-11891, and Permit #61-7738.

Dear Mr. Hoffman:

The Department of Water Resources acknowledges receipt of your Notice of Change in Water Right Ownership received on 3/18/2008. The department has modified its records to reflect the change in ownership for all of the rights listed above except for water right 57-10877 and permit 61-7738. Computer-generated reports are enclosed for your records. Our review of your application materials indicates that additional information is required before we can process the remaining two changes. The information required is indicated below:

For Water Right #57-10877, the quitclaim deed you submitted describes property in the SW $\frac{1}{4}$ of the SE $\frac{1}{4}$ of Township 5S, Range 3E, Section 8. However, the place of use for this water right is in the SESW of the same section. I have enclosed a copy of the deed, a water right report, and a map for your reference.

For Permit #61-7738, because this water right is still in the permit stage a completed Assignment of Permit form and a \$25 fee is required to process the change. I have enclosed a form for your use. Note that if you do not wish to pursue the ownership change for 57-10877, the fee received for that change can be applied to the assignment of permit for 61-7738. *Please do this. Thanks, Rita A. Hoffman*

The Department cannot process the ownership changes without the proper documentation and fees. We will hold your application for 30 days pending receipt of the necessary information. Please feel free to contact the Department if you have any questions.

Sincerely,

Dayna M. Ball
