Re: Transfer Application for 75-14598

Dear Marvin and Irene,

After our telephone conversation, I included the emergency POD to the POD in Lot 1 on the transfer application. I know you had some concerns about some documents you have that list the main POD in Lot 1. I checked all the documents you sent and the documents in the water right file but did not find any IDWR documents that list the POD in Lot 1. The claim and transfer application in 2004 does not show the POD in Lot 1. No official IDWR claim or transfer that was signed, filed and processed exists that lists Lot 1. A transfer is still necessary to change the POD to the correct location.

Please review the transfer application carefully; we want to make sure everything is correct. I have included a map to show the locations of the POD's that I have included on the transfer. If the application is correct, please sign and return it to the office. If you have any further questions, please contact me.

Sincerely,

Denise Kidman
Water Resource Agent
