To whom it may concern:

We purchased a home in 2000 from Mr. Lee Heath (Barbara Heath is deceased) that was originally built in 1915.

The spring that feeds our property (from our understanding) was put to our property around 1945 & is currently our only water source.

Because we do use this water (as our only source) for our domestic water & for watering our cow(s) we request for you to please transfer the water rights 86-10148 into our name (Robert & Candy Nielson).

Enclosed you will find the Partial Decree for Water Right 86-10148, a water report from ID Dept of Water Resources, Our Warranty Deed showing that we purchased the property from Lee Heath & that the legal description matches the "place of use" listed on the water right, a picture of the original home obtained from Nez Perce county that did and still does exist (with some improvements made by us) that we currently live in, a plat map of the property associated with this home & water right usage, along with another plat showing the vicinity of the spring site that our water comes from marked "point of interest/diversion" in correlation to our property.

If you have any questions please feel free to contact us any time by phone (208) 816-0795, email rcnielsonranch@yahoo.com, or by mail @ 18525 Hubbard Gulch Juliaetta ID 83535.

We'd like to "Thank you" in advance as we do appreciate your help in this matter.

Sincerely,
Robert & Candy Nielson
