RE: Notice of Security Interest in Water Right No: 51-12992

Dear Interested Party:

The Department of Water Resources acknowledges receipt of your Notice of Security Interest. However, more information and additional forms are needed to process this request.

Our review of your notice indicates that additional information is required before we can process the change. Permit No. 51-12992 is still in the name of Martin and Christine Holland. Diamond A Livestock needs to have the Holland's sign and have an Assignment of Permit notarized to put this permit into the company's name. We have enclosed an Assignment of Permit form for your convenience.

I have also enclosed a Notice of Security Interest in a Water Right form to be that is needed to be added as the holder of the security interest. Please fill out this form and return to the address above with the proper documentation for processing. The fees received will cover this request.

Because the Department cannot process the ownership change without proper documentation, we will hold any action on your notice pending receipt of the necessary information. If we do not receive the necessary information within 30 days we will return your notice and all attachments and your notice will not be processed.

Please note that water right owners are required to report any change in water right ownership and/or mailing address to the Department within 120 days of the change. Failure to report these changes could result in a \$100 late filing fee. Contact any office of the Department or visit www.idwr.idaho.gov for the proper forms and instructions.

Sincerely,

A handwritten signature in cursive script, appearing to read "Jean Hersley".
