RE: Change in Ownership for Water Right No. 51-12992

Dear Interested Parties:

The Department of Water Resources received a request for a Notice of Security Interest in a Water Right on April 14, 2009. After reviewing the documents submitted, it was noted that additional information would be needed to change this water right. We sent a letter to you on April 14, 2009 requesting that Diamond A Livestock have an Assignment of Permit form signed and notarized by the previous owners of the permit. We also sent to you the correct form from our Department for the Notice of Security Interest.

This information was needed to change the ownership of the permit and required for the Notice of Security Interest. We are returning the Notice and its attachments, as we have not received the information. A copy of your security interest change request will be kept in our files for reference.

If, at a later date, you wish to reinstate this request you may send the enclosed ownership change request form along with the required support data we will be able to review &/or complete the request for you.

If you have any questions regarding this matter, please call this office at (208) 334-2190.

Sincerely,

A handwritten signature in cursive script that reads "Jean Hersley".

Jean Hersley
