RE: Water Right No(s). 63-8701

Dear Property Owner(s):

The Department of Water Resources acknowledges receipt of your request for Notice of Change in Water Right Ownership. However, we cannot continue to process this request without the proper information. The Grant Deed you provided does not cover the entire water right. We need to have additional deeds if the entire right is to go to you. If you cannot provide the additional deeds, additional fees will be needed to split this water right. The additional fees needed are \$75.

On June 22, 2009, we emailed Dana Hofstetter in regards to Application for Permit #63-32459. We attached an Assignment of Application for Permit for you to have the previous owner sign and have notarized. Please return this to the Department as soon as possible so we can change the application to your name.

Because the Department cannot process this request without proper documentation, we will hold any action on your notice pending receipt of the necessary information. If we do not receive the necessary information within 30 days we will return your notice and all attachments and your notice will not be processed.

Please feel free to contact this office if you have any questions regarding this matter.

Sincerely,

Jean Hersley
Office Specialist II
