

MEMORANDUM

Date: July 31, 2009
To: Water Right File 63-12311
From: cpadilla
Re: License Memo

This application for permit was advertised and the permit was issued with 5af listed in the total annual diversion volume space. The 5af was meant to be associated with the storage component of the right only, and additional volume should be allowed under the irrigation component of the right.

The department will condition the license to ensure this right will remain supplemental for storage and irrigation uses, therefore a combined annual volume limit will be stated in conditions of approval.
