Re: *Transfer Application 71069, Eureka Water Co., Permit Nos. 63-31134,
63-31135 & 63-31136*

Dear Sir or Madame:

I am transmitting correspondence that I recently received from the Idaho Department of Water Resources concerning water rights used within the Stonebriar subdivision for irrigation, aesthetic and other uses.

This firm previously represented Stonebriar Development, Inc., in connection with its seeking approval from the Department of certain water right appropriations and the change in nature of use of water rights delivered to the Stonebriar subdivision by the Eureka Water Company. It appears that the processing of these applications now is proceeding. In the interim, however, Stonebriar Development, Inc., has dissolved and no longer is our client. We have not represented, and do not currently represent, Stonebriar Homeowner's Association, Inc. We are forwarding the enclosed correspondence to the Association as the likely successor-in-interest to Stonebriar Development, Inc., with respect to these applications.

Please be aware that the enclosed correspondence may be time sensitive and may require a response to avoid the cancellation of applications or possible imposition of undesirable conditions by the Department.

If the Association would like to retain our firm to assist it with respect to this matter, please feel free to contact me.

Sincerely,

Michael C. Creamer

Enclosure
