

MEMORANDUM

Date: July 23, 2009
To: File
From: Nick Van Dyke
Re: Transfer 71069

On July 1, 2009, I sent Stonebriar Homeowner's Association a letter informing them more information was needed regarding the mitigation plan for Permits 63-31134, 63-31135, and 63-31136. In that letter I indicated that if the Department did not received a response within 30 days, the application for Transfer 71069 and the aforementioned Permits would be rejected. I have concluded from further discussion with Department staff the additional information is not necessary. Therefore the applications will continue to be processed.

The volume amount for ground water recharge for Right 63-16383 was derived from the amount deliverable during the irrigation season: $(0.01 * 1.9835 * 259) = 5.1af$
