RE: Application for Transfer

Dear Applicant(s):

The Department of Water Resources has received your application for transfer. Preliminary review of the application indicates that it is incomplete and cannot be accepted for processing. According to March 18, 2009 Taxlot Data, South Leigh Creek does not own all of the property pertinent to water rights 22-366B, 22-367B, 22-611A and 22-13588 nor the property to which one of the proposed ponds are located. IDWR cannot further process this application unless proper documents have been submitted showing South Leigh Creek owns entire property or a water right release from other property owners to South Leigh Creek LLC. The department will keep your transfer application on file for 30 days from the date of this letter. If proper documents have not been submitted within the 30 day time period IDWR will return your application along with a filing fee refund.

Please feel free to contact this office if you have any questions.

Sincerely,

Blake Jordan
Sr. Water Resource Agent
