RE: Water Right No. 96-8042

Dear Mr. and Mrs. Dennett:

On March 10, 2009, the Department of Water Resources received your request to correct the place of use description on water right license no. 96-8042. On March 23, 2009, the Department received information from neighboring property owner Jack Leaverton, affirming your statement that the place of use description on water right license no. 96-8042 is incorrect. The Department cannot issue a license that is not consistent with the permit authorizing development. Therefore, before the license can be revised, the Department must receive an application to amend the permit.

The enclosed Application for Amendment form depicts the elements of the water right as they will appear on the revised license when it is issued. Please review the amendment form carefully. If you concur with the information presented, please sign the form and return it with the required \$50.00 filing fee within fourteen (14) days.

The Department is mailing copies of this letter and the attached map to the original permit holders and nearby water users to provide notice of the proposed correction in accordance with Idaho Code § 42-211. Responses to the proposed correction must be received by the Department at the address listed above within thirty (30) days of the date of this letter.

If the revised license is issued, the Department will process your ownership change notice and update ownership records to show you as the current owner of water right no. 96-8042.

If you have any questions, please contact me at (208) 287-4943.

Sincerely,

Aaron Marshall
Sr. Water Resource Agent
