Re: Application for Permit 63-32997 and Application for Transfer 74687

Dear Mr. Uranga:

I have been assigned review of the above referenced applications that you submitted on behalf of DBSI Lake Lowell 160 LLC. In a quick preview of these applications, I find that you submitted copies of the forms to our office rather than the originals. We must have forms with the original signatures on them.

It has also come to our attention that DBSI may no longer want to pursue these proposals. If this is the case, they may withdraw the applications and request a refund of the filing fees. The withdrawal forms would need to be submitted prior to any further action by our office if they wish to receive a refund of the filing fees.

Please submit either the application forms, with original signatures, for processing, or request for withdrawal forms on or before May 10, 2009 for application processing to continue. You may request additional time to provide the information by making a written request to delay or interrupt processing. A response including the requested information, or a request for additional time, must be received within thirty (30) days. The applications may be voided without a timely written reply. IDWR forms and other information are available on the Internet at www.idwr.idaho.gov. Please contact me at 208-334-2190 if you need more information. Thank you for your attention to these matters.

Sincerely,

KAY WALKER
Sr. Water Resource Agent
