RE: Water Right No. 73-11956
Change in Ownership

Dear Water Right Holder:

The Department of Water Resources acknowledges receipt of your Notice of Change in Water Right Ownership. Our review of your notice indicates that additional information is required before we can process the change. The information required is indicated below:

 X **Evidence of Water Right Ownership:** copy of Deed, Title Policy, Contract of Sale, or other legal document indicating your ownership of the property and/or water rights in question

The Deeds provided with your notice do not cover the appurtenant land of the above mentioned water right. Please submit evidence that demonstrates conveyance of the property to you. Specifically a deed that covers Township 11N Range 23E; Section 25 SWSW, Section 24 NWSE, and Section 12 SESE. Water right 73-2471 does not exist in our records; if this was not the water right you wished to have the ownership changed please correct my assumption. Water right 73-7124 is in the permit stage, as such it will need an assignment of permit form filled out and returned for it. A form has been included for your convenience; the filing fee for an assignment of permit is \$25. **So please return the proper deed, assignment of permit form, correct water right number that appears to be 73-2471 on the form, and filing fee of \$25.**

The Department cannot process the ownership change without proper documentation. We will hold your application for **30 days** pending receipt of the necessary information. If we do not receive the documentation within that time, we will return your notice and all attachments unprocessed.

Please feel free to contact the Department if you have any questions.

Sincerely,

Emalee Rushing
Office Services Supervisor
