RE: APPLICATION TO RENT WATER FROM THE WATER SUPPLY BANK  
WATER RIGHT NO. 31-11443

Dear Mr. Sanders:

The Department of Water Resources ("Department") acknowledges receipt of your application to rent water from the Water Supply Bank ("Bank"). Please find enclosed a Water Supply Bank Rental Agreement for your review and signature. Upon signature and return of the original agreement, together with the rental fee described below, the Department will also sign the original agreement and return an executed copy to you. Execution of the agreement and compliance with the conditions of approval authorize diversion and use of water as provided in the agreement.

In your application, you requested a rental period of five years. However, water right no. 31-11443 is leased to the Bank through November 1, 2009. Therefore, the enclosed rental agreement is limited to a one year period through November 1, 2009. Please submit a new application if you would like to rent water from the Bank in the future.

A rental fee of **\$1,386.00** was calculated based on \$14.00 per acre-foot times a diversion volume of 99.0 acre-feet. Please send a check made payable to the Idaho Department of Water Resources together with the signed rental agreement to my attention within fourteen (14) days of receipt of this letter so I can complete the processing.

Please note that applications for rental of water must be reviewed in accordance with Idaho Code § 42-1763 and the Department's Water Supply Bank Rule 30 (IDAPA 37.02.03.030). This includes consideration of whether there will be injury to other water rights, whether the proposal would constitute an enlargement of the water rights, whether the water will be put to a beneficial use, whether the water supply available from applicable rights in the Bank is sufficient for the use intended and whether the proposal is in the local public interest. While a one-year rental usually involves a general review of the water rights and proposed use, rental of water over multiple years may require more comprehensive review, notice to advise anyone who desires to protest the proposed water use, and approval by the Idaho Water Resource Board.

If you have any questions, please contact me at (208) 287-4943.

Sincerely,

Aaron Marshall  
Sr. Water Resource Agent

3. Rental of the specified right from the bank does not, in itself, confirm the validity of the right or any elements of the water right, or improve the status of the right including the notion of resumption of use. It does not preclude the opportunity for review of the validity of this water right in <the ongoing Snake River Basin Adjudication> or any other department application process.
4. Use of water under this agreement does not constitute a dedication of the water to renter's place of use and upon expiration of this agreement, the points of diversion and place of use of the water shall revert to those authorized under the water right and/or again be available to rent from the bank.
5. This rental does not grant any right-of-way or easement to use the diversion works or conveyance works of another party.
6. This rental agreement does not authorize the construction of a well.
7. Use of water under this agreement shall not prejudice any action of the Department in its consideration of an application for transfer filed by the applicant for this same use.
8. Renter agrees to comply with all applicable state and federal laws while using water under this agreement.

**WATER RIGHT NO. 31-11443

**CONDITIONS OF WATER USE**

9. Renter agrees to hold the Board, the Director and the state of Idaho harmless from all liability on account of negligent acts of the renter while using water.
10. Renter acknowledges and agrees that the Director may terminate diversion of water if the Director determines there is not a sufficient water supply for the priority of the right or portion thereof being rented.
11. Failure of the renter to comply with the conditions of this agreement is cause for the Director to rescind approval of the rental agreement.
