Vicky,

I contacted the client for the information. I should have it to you next week. Have a great weekend.

Lori – I noticed that the Water System Facilities Conveyance Agreement was included in this transfer application as Attachment E, however the document is not complete. Specifically, I need Exhibit C to the agreement which is the list of water rights. IF you would email that to me it would connect the dots re the ownership. Thanks.

Vicki,

I just realized that I sent you the wrong shape files for Osprey. The shape files I sent you were for W & H's late claim. Oops. Attached are the correct files.

Lori, I found 63-4220A in a group not yet scanned or sent to storage so I have it. Let me know if you want to look at the entire file or just want the letter used for evidence of priority.
Vicky
