To whom it may concern:

I am writing in protest to Klain Christensen's application for a water right diversion transfer. If Klain Christensen's application was to be approved, it would directly affect my water right, as I am the last water right user in the main Garden Creek channel. The property he wants to divert water to already has 2 main laterals running through his property.

A request for this action should have been discussed and voted on by the Garden Creek Irrigation District. This was never brought to motion or voted upon.

I am strongly opposed to this request!!

Sincerely:

Cecil Armstrong
