PLACE OF USE: See conditions of approval.**CONDITIONS OF APPROVAL**

1. Place of use is within the service area of the City of Twin Falls municipal water supply system as provided for under Idaho Law.
2. A map depicting the place of use boundary for this water right at the time of this approval is attached to this document for illustration purposes.
3. Irrigation of large projects such as parks, golf courses, or sports activities fields is not authorized under this right.
4. The daily diversion volume for non-domestic uses under this municipal right shall not exceed 2,500 gallons per use and the daily diversion volume for domestic uses under this right shall not exceed 13,000 gallons per dwelling in accordance with Section 42-111, Idaho Code.
5. After specific notification by the department, the right holder shall annually report the amount of water diverted to the department.

WATER RIGHT NO. 47-08389A

6. The diversion and use of water described in this right may be subject to additional conditions and limitations agreed to by the protestants, intervenors and the right holder under separate agreement to which the Department is not a party and which may be enforceable by a court of law.
7. The right holder shall maintain a totalizing measuring device of a type approved by the Department as a part of the diverting works at each point of diversion. The right holder shall also maintain an airline or similar device approved by the department to measure the water level in the wells used as points of diversion for this right.

This license is issued pursuant to the provisions of Section 42-219, Idaho Code. The water right confirmed by this license is subject to all prior water rights and shall be used in accordance with Idaho law and applicable rules of the Department of Water Resources.

Signed and sealed this 30th day of June, 2009.
