Dear Ms. Robertson:

The City of Richfield received your letter of May 28, 2009, concerning the application for groundwater for municipal purposes within the City.

The City has had surface irrigation for many years and continues to purchase shares that comes available. The City has 125.46 shares of Big Wood Water and American Falls Water. The city has and will always maintain irrigation ditches throughout the city for surface water irrigation. The city has always encouraged the use of surface water irrigation instead of groundwater irrigation.

The U.S. Census Bureau for 2007, estimated the City of Richfield's population is 419. The city has had some interest from developers in developing lots within the city. The city council still feels that the 2% per year growth is within reason at this time.

Thank You for your consideration and time in this matter.

Sincerely,

LuAnn Swainston
City Clerk/Treasurer
