AMENDED Permit to Appropriate Water AMENDED

NO. 85-15686

CONDITIONS OF APPROVAL

1. Proof of application of water to beneficial use shall be submitted on or before **August 01, 2012**.
2. Subject to all prior water rights.
3. Project construction shall commence within one year from the date of permit issuance and shall proceed diligently to completion unless it can be shown to the satisfaction of the Director of the Department of Water Resources that delays were due to circumstances over which the permit holder had no control.
4. The impoundment of water under this right is contingent upon the issuance of a certificate of approval per the dam safety provisions of Idaho Code and subsequent written authorization by the dam safety program administered by the Department.
5. This right does not grant any right-of-way or easement across the land of another.
6. Prior to the diversion and use of water under this approval, the right holder shall comply with all requirements of the Idaho Department of Fish and Game.
7. After specific notification by the Department, the right holder shall install a suitable measuring device or shall enter into an agreement with the Department to use power records to determine the amount of water diverted and shall annually report the information to the Department.
8. This right when combined with all other rights shall provide no more than 0.02 cfs per acre nor more than 3.0 afa per acre at the field headgate for irrigation of the lands above.
9. Stockwater use is for up to 10 head mixed stock.

This permit is issued pursuant to the provisions of Section 42-204, Idaho Code. Witness the signature of the Director, affixed at Coeur d'Alene, this 23rd day of June, 2009.
