Subject: RE: Taxlot info for Roth

Zach,

Thanks for the shape.

Please note that I have discussed the matter with Pam Skaggs and the issue of the water being licensed on what appears to be IDT land is problematic. After reviewing the documents you submitted with your recent letter it is not clear to us the exact status of ownership of the water rights that may be on IDT land.

For your information Cindy has contacted Connie Jones with IDT and we are awaiting further clarification. The preliminary indication from Connie is that IDT would require some sort of approval to continue irrigation of their land which is not likely to happen. Also it appears that IDT may not have an interest in the water right. If this is the case it appears that Roth should seek a quit claim deed from IDT clarifying their none interest in the water rights.

We will continue to hold the transfers until this matter is settled.

If you have questions let me know.

Allen

Allen-

Attached is the PPU shape(s) for the Roth Investments White Clover Dairy. Please let me know what Boise says in regards to the ITD parcels. Thanks-

Zach Latham
