RE: Transfer applications 73748, 73749

Dear Mr. Agenbroad:

In December of 2005 two transfer applications were filed to rearrange water rights 2-7279A and 57-2239 to reflect actual usage. The Department has begun processing the transfer applications. Initial review has shown that the processing of application 73748 cannot currently move forward due to errors or inconsistencies in the application. Processing can be resumed once the applications have been reworked to fit the requirements pursuant to Section 42-222, *Idaho Code*. I have enclosed a copy of application 73748 for reference.

I would be more than happy to assist in revising the application. Please call or return this letter and we can discuss different options to correct the application. My phone number is (208) 287-4949 here at the state office in Boise. I have also included my card with my contact information. I look forward to hearing back from you.

Sincerely,

Nick Van Dyke
