RE: Change in Ownership of Water Rights 71-7113 & 71-7180

Dear Ms. Beechert:

The Department of Water Resources acknowledges receipt of your Notice of Change in Water Right Ownership. Our review of your notice indicates that additional information is required before we can process the change. The information required is indicated below:

_X_ **Filing Fee** of $25
_X_ **Evidence of Water Right Ownership**: copy of Deed (i.e. Warranty, Quitclaim), Title Policy, or other legal document indicating your ownership of the property and/or water rights in question

A check for $25 was received. An additional $25 is required as you have requested change of ownership for two water rights. Also, the assignment agreement received with your application covers a promissory note and deed of trust. Deeds of trust, mortgages, and promissory notes are documents used by a lender to protect their interest in property. The assignment agreement you sent indicates that Daniel Hammerbeck is no longer responsible for paying for the property, but it does not provide proof that he has conveyed his interest in the property to you. Please submit a copy of your warranty deed, quit claim deed or other evidence demonstrating conveyance of his interest in the property to you.

The Department cannot process the ownership change without the appropriate documentation and fees. Please contact us within 30 days to keep your application active. If we do not hear from you within that time, your application will be returned unprocessed.

Please feel free to contact the Department if you have any questions.

Sincerely,

Dayna M. Ball
