**REINSTATEMENT
ORDER**

This matter having come before the Idaho Department of Water Resources ("Department"), the Department makes the following Findings of Fact, Conclusions of Law and Order:

FINDINGS OF FACT

1. On May 25, 1999, the Department issued the above-captioned permit with the condition that proof of construction of works and application of water to beneficial use (proof of beneficial use) be submitted to the Department on or before June 1, 2004.
2. On March 31, 2004, the Department notified the permit holder by certified mail that proof of beneficial use was due and instructed the permit holder of the steps to be taken to submit the proof or a Request for Extension of Time ("extension request").
3. On May 20, 2004, the Department received an extension request which was granted giving the permit holder until June 1, 2009 to submit proof of beneficial use.
4. On May 31, 2009, the Department sent notice to the permit holder by certified mail that proof of beneficial use was due and gave the permit holder sixty days from the time of mailing to submit proof of beneficial use.
5. On June 17, 2009, the permit holder filed a Statement of Completion for submitting proof of beneficial use ("proof") with the appropriate license examination fee.

CONCLUSIONS OF LAW

1. Section 42-204, Idaho Code, provides as follows:

Sixty (60) days before the date set for the completion of the appropriation of water under any permit, the department shall forward a notice to the applicant by certified mail at his address of record of the date for such completion, which said notice shall advise the applicant of the necessity of submitting an affidavit of completion or a request for an extension of time on or before said date;
2. The Department inadvertently did not mail a notice to the permit holder sixty (60) days prior to the proof due date, as required pursuant to Idaho Code, Section 42-204. The department sent a proof due notice on May 31, 2009 and gave the permit holder until August 1, 2009 to submit proof of beneficial use.

3. The permit lapsed when proof of beneficial use was not submitted by the June 1, 2009 deadline.
4. The permit holder has provided a reasonable showing why the permit should be reinstated, by submitting acceptable proof of beneficial use on June 17, 2009.
5. Idaho Code, Section 42-218a(1) and (3), which provides that the Department may reinstate a permit based upon a showing of reasonable cause and without advancing the permit's original priority date upon a showing of a Department error.
6. The Department should reinstate the permit without advancing the priority date due to Department error.

ORDER

IT IS HEREBY ORDERED that Permit No. 65-13834 is reinstated with no advance of the original priority date.

DATED this 19th day of June, 2009.
