**BY-LAWS
OF
LITTLE WEISER IRRIGATION DISTRICT**

PURPOSE

These By-Laws are to serve as an addition to the Idaho Laws governing irrigation districts. They are to clarify various issues and to provide guidance for the offices, employees, and members of the Little Weiser Irrigation District. The Little Weiser Irrigation District was organized November 19, 1935 for reasons set forth in Appendix II, Petition for Organization, attached hereto.

OFFICERS

Section 1. The officers of this District shall consist of a president, a vice president, secretary and a treasurer. The office of secretary and treasurer may be combined. They shall be elected by the Board of Directors and shall hold their offices for one year from the date of their election and until their successors are elected and qualified. The president, vice president, secretary and treasurer shall be elected from among the Board of Directors. Any assistant secretaries and assistant treasurers elected by the Board, need not be Directors or shareholders.

ARTICLE II

Officers, Their Duties, and Compensation

Section 1. The president shall preside at all meetings of the District and of the Board of Directors, and have general charge of the affairs of the District; sign all contracts or other official documents or notices, when not otherwise provided by the Board of Directors; employ, direct and discharge such employees as may be necessary in the conduct of the business of the District, not otherwise specifically provided for in these By-Laws; call the Directors together whenever he deems necessary; perform such other duties as may be imposed upon him by the Board of Directors or by these By-Laws.

Section 2. The vice president shall perform the duties of the president in the case of the latter's absence or inability to act. Where any documents are signed or official acts performed by the vice president, it will be presumed that the vice president has acted in accordance with these By-Laws.

Section 3. It shall be the duty of the secretary to keep a record of the proceedings of the meetings of the District and the Board of Directors; to countersign or issue notices of meeting of the District and directors as may be provided for elsewhere in these By-Laws; to

attest all contracts, documents, and notices which may be executed on behalf of the District and to keep in custody all documents, contracts, records, books and papers of the District, and shall perform such other duties as are usual and incident to the office of secretary of Districts and such other duties as the Board of Directors may require.

Section 4. It shall be the duty of the treasurer to collect or cause to be collected all assessments, tolls, rentals, etc., that are levied; to have custody of all the funds of the District, and to deposit the same in such bank or banks as directed by the president or the Board of Directors. The treasurer shall keep accurate and complete records of such financial transactions of the District and such other duties as the Board of Directors may require. The District treasurer shall submit a complete statement of his/her accounts for the past year at the first meeting after the first day of each year. He/she shall make such other statements of the financial affairs of the District as the Board of Directors may require.

Section 5. Any assistant secretary or assistant treasurer that may be appointed shall perform his/her duties upon request of the secretary-treasurer of the Board of Directors, or in case of the absence of the secretary-treasurer his inability to act. Acts of an assistant secretary

or assistant treasurer shall be deemed to be under authority of these By-Laws.

Section 6. The directors, officers and employees of the District shall receive such compensation as may be provided by the Board of Directors.

Section 7. The directors, officers and employees of the District shall furnish such bonds and in such amounts as the Board of Directors may require in an approved surety company; the premiums thereon to be paid by the District.

ARTICLE III

Directors, Their Duties, and Compensation

Section 1. The District powers, business and property of this district shall be exercised, conducted and controlled by a board of three (3) Directors. One Director residing in each of the three Divisions within the District. The boundaries or said Divisions are assigned on the District map (Appendix I).

Section 2. The Directors of the District shall be elected on the second Tuesday of December and shall hold office for three (3) years. All directors must be water users of the C. Ben Ross Reservoir and

all electors must own land benefitted by water from C. Ben Ross Reservoir in addition to meeting all requirements set forth in Idaho state law. The Board of Directors shall at the January meeting, organize as a Board by the election of the officers herein provided. A corporation, the stock of which is owned entirely by natural persons related by blood or affinity, and partnership, in which all the partners are natural persons related by blood, shall have the same rights and privileges in the conduct of irrigation district business as do natural persons, including, but not limited to, voting in elections and signing petitions. A corporation or partnership shall vote or otherwise act by and through its majority stockholder or majority partner. If the majority of the stock or partnership interest is owned by more than one (1) person, the corporation or partnership must furnish the irrigation district a written designation stating the name of the majority stockholder or partner who is authorized to vote and otherwise act for the corporation or partnership. If the majority or designated stockholder or partner is married, his or her spouse shall have the same rights and privileges in the conduct of irrigation district business as do the spouses of individual land owners in the district. A person, or the spouse of a person, voting for a corporation or partnership shall not be entitled to vote again as an individual.

Section 3. The Board of Directors shall have the power to appoint and remove at pleasure all employees and agents of the District, prescribe their duties, fix their compensation, and require from them security for the faithful performance of their duties; to make rules and regulations for the government of the affairs of the District consistent with the laws of the State and these By-Laws; to call meetings of the District water users when they deem it necessary, mailing notice of said meetings at least two weeks in advance thereof, in manner herein provided; shall call meeting of the membership any time upon a written request for that purpose of persons representing one-third (1/3) of the District membership.

Section 4. No contract by any officer of the District will be valid without the previous authorization of the Board of Directors or subsequent approval of the same.

Section 5. It shall be the duty of the Board of Directors to appoint a watermaster and such other employees as they may deem necessary, or to combine such duties as is appropriated; they may, at that time or any other time when in session, issue instructions and prescribe duties for said watermaster and employees, in addition to those provided for in these By-Laws.

Section 6. It shall be the duty of the Board of Directors at their regular meeting in June of each year to ascertain and determine the amount of money necessary for the transaction and conduct of the District's business and the payment of its outstanding maturing obligations (including all obligations for construction charge or operation and maintenance charges owing), all as will be required for the twelve month period commencing on the first day of the following January. All construction charges and any operation and maintenance charges shall be assessed equally per share against said water rights and against all the lands where the water represented by such rights is appurtenant. As soon as such anticipated charges for the subsequent year have been determined and broken down so as to comply with this paragraph, the Board of Directors shall thereafter cause notice of such assessments to be mailed to the County Clerks. The assessment to be place upon the appropriate county tax rolls and to be collected for the District through county property taxes.

ARTICLE IV

Meetings of Directors

Section 1. A regular meeting of the Board of Directors for the transaction of any business shall be held as deemed necessary by the Board of Directors. The first meeting after each annual

election meeting shall be the re-organization meeting for the Board of Directors.

Section 2. Special meetings of the Board of Directors may be called at any time by order of the president, or by a majority of the Board signing the order. Upon receipt of the order for special meeting of the Board of Directors, the secretary shall immediately notify each of the said Directors of the time and place at which said special meeting is to be held pursuant to such order (said order to be given at least two days prior to the time of said meeting) except where a special contingency shall be noted on the minutes of the special meeting.

Section 3. A majority of the Directors shall constitute a quorum at any regular or special meeting of the Board of Directors.

Section 4. All meetings, either regular or special, of the Board of Directors shall be held at the office, or principal place of business, of the District as established by the Board of Directors.

Section 5. When all the Directors shall be present at any Director's meeting, however called or notified, and sign a written consent thereto upon the record of such meeting, the acts thereof shall be as valid as if at a meeting legally called and for which

notification shall have been duly given, or if they thereafter all ratify said act or acts.

Section 6. Any regular or special meeting of the Board of Directors may be adjourned from day to day or from time to time, for want of a quorum and such adjournment and the reason therefor shall be recorded in the journal of the proceedings for such meeting. No further notice of any such adjourned meetings shall be required.

ARTICLE V

Vacancies on Board of Directors

Vacancies on the Board of Directors may be filled by the remaining members of the Board, and may Directors so appointed to fill vacancy shall be entitled to act until that term expires.

ARTICLE VI

Water Users, Their Rights, and Duties

Section 1. Special meetings of the membership shall be called by the president at any time when instructed to do so by the Board of Directors, or requested to do so in writing by one-third (1/3) of

the water users. In case of the president's failing to act when requested, the secretary-treasurer shall call such special meeting. At least 10 days notice of such meeting stating the purpose thereof, shall be mailed to each member, at their post office address shown on the book to District.

Section 2. All meetings of the membership, either special or regular, shall be held at the office of the District, or in such other suitable place as may be designated by the officers of the District (said place to be clearly stated in the notice calling the meeting herein before referred to, and said place likewise to be in the county where the principal place of business is located).

Section 3. All water users shall be responsible for the installation and maintenance of adequate headgates and measuring devices at their own expense. Such installations must have the approval of the Board of Directors of the District. The District has the responsibility to make a reasonable effort to insure each water user has his/her share of stored water delivered. All water users shall comply with the rules and regulations of the District with regard to the operation of the District. Prior to placing diversion dams in the river, water users are required to get permission from the watermaster. Each diversion dam will include a spillway.

ARTICLE VII

Watermaster and His Duties

Section 1. The Board of Directors shall present the watermaster with a "Watermaster's Handbook" to provide specific guidance for the operation of the District.

Section 2. The watermaster may employ suitable persons to act as assistant watermasters, ditch-riders, and other assistants if needed, as will best serve the needs of the District, under the direction of the Board of Directors. He shall make rules and regulations with regard to the method of handling the water and the delivery thereof, and in making such rules and regulations, may provide standards and methods of use for the water supply, all under the direction of the Board of Directors. No other person, unless authorized by the watermaster or by the Board of Directors, shall have any power or authority to open, handle, operated, or adjust the gates on the outlet or inlet canals of the C. Ben Ross Reservoir. This includes the headgate at the Reservoir and the headgate for the little canal.

Section 3. The position of watermaster may or may not be held by the same person who is watermaster of Water District 67A at the direction of the Board of Directors. Nothing herein shall be

construed to prohibit one of the directors or officers of the District from serving as watermaster or in any other capacity as an employee.

ARTICLE VIII

General Provisions

Section 1. Any person aggrieved by any action of the watermaster or his assistants, shall make complaint in writing to the Board of Directors within five days of the time of the commission of the alleged wrong, and the complaint must be filed with the secretary of the Board, at their office. Whereupon, it shall be the duty of the secretary to notify the president and the Board of Directors, and the watermaster that such complaint has been filed, who shall then take appropriate action thereon.

Section 2. Any Director may be removed in the manner provided by the laws of the State of Idaho.

Section 3. The Directors have the right and responsibility to settle disputes that may be brought before them pertaining to the distribution through-out the District including each canal and sub-canal. Each water user is entitled to his proportionate share of the flow from the District's stored water to be used upon the land

described as his benefitted acres during the irrigation season of each year in accordance with the rules and regulations of the District, providing all appropriate assessments are currently paid. The period of said irrigation season shall be fixed by the Board of Directors. Water may be used for irrigating said land and also for livestock and domestic purposes, and other beneficial uses. The District shall have the right to make such rules and regulations concerning the delivery of water as it may deem necessary. Due to the distribution system used it is impossible to deliver water on demand for individuals but will be distributed for benefit of the District as a whole at the discretion of District Directors.

Section 4. The Little Weiser Irrigation District was established to supplement the stream flow in the Little Weiser River, which is insufficient to furnish an adequate water supply to irrigate the benefitted lands within the district, during the entire irrigation season. When the natural flow of the Little Weiser river at the Ruby Bridge, is insufficient to fill all the water rights with a priority before 1935, the stored water from the C. Ben Ross Reservoir is used to supplement the stream flow. The Little Weiser river becomes the distribution system for the irrigation district for the remainder of the irrigation season. The natural flow, which remains under the jurisdiction of Water District 67A, is delivered to the water rights that it is sufficient to fill by order

of priority. The remainder of the flow in the Little Weiser river, within the boundaries of the Little Weiser Irrigation District is under the control of the District.

Section 5. The District shall not be liable for scarcity of water caused by unlawful diversion, forcible entry, unusual cold weather, drought or any accident, but at all times shall use ordinary care and diligence in protecting its canal and irrigating system and keeping the same in proper operation and repair. The District shall not be liable for loss or damage caused by seepage or breakage resulting from cloudbursts, land slides, obstructions, accidents, or breaks in its canal which could not be prevented by the exercise of ordinary care and diligence. The District shall have the right to close off the water at any point or points at the end of the irrigation season or at any other time when urgent necessity requires, but during the irrigation season shall restore the water in the canal and laterals as speedily as possible under the nature of the case.

The director can be liable for the following reasons only:

- (1) The by-laws of the district may set forth a provision eliminating or limiting the personal liability of a director to the district or its qualified electors for monetary damage for breach of fiduciary duty as a director,

provided that such provision shall not eliminate or limit the liability of a director:

- (a) For any breach of the director's duty of loyalty to the district or its qualified electors.
- (b) For acts or omissions not in good faith or which involve intentional misconduct or a knowing violation of law.
- (c) For any transaction from which the director derived an improper personal benefit. No such provision shall eliminate or limit the liability of a director for any act or omission occurring prior to the date when such provision becomes effective.

Section 6. The books and papers in the office of the secretary-treasurer of the District shall be subject to the inspection of the Board of Directors and of any water users of the District at any time during business hours.

Section 7. Anyone desiring to transfer his benefitted acres from one location to another within the District boundaries may petition the Board of Directors for approval.

Section 8. The Fiscal Year for the District will be January 1st through December 31st.

ARTICLE X

Alteration of By-Laws

These By-laws may be altered, amended or repealed in the manner and method provided by the statutes of the State of Idaho and by these By-laws. These By-laws may be amended or repealed at a regular membership meeting or a special membership meeting called for that purpose. The members shall be given two weeks notice of such meeting and the proposed amendments stated therein.

ARTICLE XI

Possession of By-Laws

These By-laws shall always remain in the possession of the Secretary-treasurer of the District.

4 That all of the above described lands are irrigated from a common source, to-
5 wit, from the Little Weiser River, one of the public streams of the state of
6 Idaho and a tributary of the Weiser River; that all of said lands now have
7 as appurtenances thereto either an adjudicated water right or flood right en-
8 titling them to be irrigated from said Little Weiser River, but the natural
9 flow of the Little Weiser River is insufficient to furnish an adequate water
10 supply for the irrigation of said lands during the entire irrigation season of
11 each year, and there is not sufficient water contained in the natural flow of
12 the Little Weiser River to supply the said lands adequate water for the irriga-
13 tion thereof after the 15th or 20th of July of years when the Little Weiser
14 River has an average run-off, and after said time of year a portion of said
15 lands have an inadequate water supply for the irrigation thereof and the re-
16 mainder have no water whatever for irrigation or other purposes from said River,

17 VII.

18 That the objects and purposes for which your petitioners desire the creation of
19 the Little Weiser Irrigation District is to provide an adequate and supplemental
20 supply of water for the irrigation of all of said lands during that portion of
21 each and every irrigation season when the natural flow of the Little Weiser
22 River is insufficient for such purpose, and the plan of operation by which they
23 intend and expect to furnish said water supply is by the construction of a
24 storage reservoir in which to store waters during the flood season of each year

25 VIII.

26 That the proposed location, plan of construction, capacity and plan of operation
27 of said proposed reservoir is as follows: Said reservoir is to be constructed
28 in what is known as "Anderson Gulch" south of the Little Weiser River and upon
29 lands situate in Sections 34, 35, 26 and 27 in Township 14 North of Range 1 West
30 of Boise Meridian; that the plan of construction is to place a concrete and
31 earth dam across a natural depression known as Anderson Gulch through which a
32

3

4 natural water course flows into the Little Weiser River; that the dam will be
5 constructed at a point in the Northwest Quarter of said Section 27, which dam
6 will be approximately sixty (60) feet in height and one hundred (100) feet in
7 length at the bottom and one thousand two hundred seventy (1,270) feet in
8 length at the top of said dam;

9

10 That the storage capacity of said proposed reservoir is approximately seven
11 thousand seven hundred eighty seven (7,787) acre feet; that the proposed plan
12 of operation of said reservoir is to store therein during the flood season
13 waters of the Little Weiser River which are to be conveyed into said reservoir
14 from a feeder canal hereafter to be constructed and leading from the Little
15 Weiser at a point on the southerly side thereof near the center of Section 36
16 in Township 16 North of Range 1 West of Boise Meridian, which canal will be so
17 constructed as to have a carrying capacity of 5,000 Miner's inches or 1,666
18 second feet of water and will be approximately one mile in length;

18

19 That the plan of operation of said proposed reservoir is as follows: The
20 waters stored therein during the flood season will be allowed during the latter
21 part of the irrigation season of each year to flow from said reservoir down
22 Anderson Creek to the Little Weiser River and each landowner within
23 boundaries of said district will be permitted to divert from said Little Weiser
24 River, through irrigation ditches or canals already constructed or such as they
25 may hereafter construct, his proportionate share of said storage water pro-
26 portion to the benefits to be assessed and charged against his respective lands;

27

28 That it is not contemplated or intended that said district shall construct any
29 canals for conveying said waters from said Little Weiser River for distribution
30 upon the various lands of said district for the reason that all of the land-
31 owners living in said district have heretofore constructed and now own adequate
32 ditches and canals for the diversion and distribution of said stored waters;

32

3
4 That a portion of the lands embraced within the boundaries of said proposed Dis-
5 trict are not susceptible of irrigation from waters stored in said proposed re-
6 servoir, by reason of their location and elevation, but all of such lands are
7 so situate that a full and adequate water right for the entire irrigation sys-
8 tem sufficient for the proper irrigation thereof, can be obtained by diversion
9 of waters from said Little Weiser River at a point above the location of said
10 reservoirs, and if the owners of said lands are permitted to divert such water as
11 they may need for the irrigation thereof from the Little Weiser River, which
12 waters, except for the construction of said reservoir and storage of water
13 therein, would not be available for said lands, but would be required under
14 the terms of the decree adjudicating the waters of said river to be permitted
15 to flow on down the course of said river for use by prior appropriators, they
16 can and will obtain the same benefits from the construction of said reservoir,
17 which they would have obtained if such lands were susceptible of irrigation from
18 waters stored therein;

19
20 That the proposed plan of operating said reservoirs and furnishing equal bene-
21 fits to all of the lands embraced in said District contemplates that the owners
22 of the lands not susceptible of irrigation from said reservoir in lieu of di-
23 verting waters from said reservoir for use thereon, shall be given the right to
24 divert waters from the Little Weiser River in the low water season, sufficient
25 fully to irrigate their lands and promises, which waters would otherwise be-
26 long to prior appropriators, either in whole or in part, and to replace said
27 waters which they so divert for use on their said lands, by their proportionate
28 share of the waters stored or to be stored in said reservoir.

29
30 And the undersigned petitioners and organizers of said District hereby con-
31 sent to and ratify said proposed plan, and authorize their Board of Directors
32 when selected by appropriate by-law or otherwise, to carry out the terms and
provisions of said plan;

5
6 That for the purpose of election of directors as provided by Section 42-109
7 I. C. A. said District shall be divided into three divisions.
8

9
10 X

11 That attached hereto and marked "Exhibit A" is a map of the proposed District
12 showing the location of said reservoir and feeder canal, the boundaries of
13 said districts and the legal subdivisions of the lands therein described;
14 and attached hereto, marked "Exhibit B" is a map showing cross-sections of
15 said proposed reservoir and all dams and embankments and the proposed
16 feeder canal; and attached hereto and marked "Exhibit C" is an estimate of
17 the cost of such work, certified to by a well known and competent irrigation
18 engineer;

19 XI

20 That the average flow of the Little Weiser River in cubic feet per second of
21 water during the period of time when the waters thereof would be used for fill-
22 ing said reservoir is in excess of three hundred (300) second feet;

23 XII

24 That the said district intends as part of the work of constructing said reser-
25 voir to construct at its own expense an outlet canal leading from a point on
26 the Little Weiser River above the head of what is known as the Lindsay Ditch
27 so as to enable certain lands now irrigated from what is known as the Gray
28 Creek Ditch to obtain water from said Reservoir;
29
30
31
32

WHEREFORE, your petitioners pray that upon the filing of this petition with the Board of County Commissioners, the said Board fix a date for hearing, at which time said petition will be presented to the Board of County Commissioners, and that the Clerk give notice of such time in the manner provided by law; That upon the presentation of said petition to said Board of County Commissioners the said Board act favorably upon said petition and make such orders thereon as are meet, proper and necessary in the premises.
