REF: Change of Ownership for Water Right No 22-11789 and 22-11790

I filed water right 22-2129 for the "notice of claim" process with Dave Carlson in your office on May 8, 2006. You have marked the location of this claim on the enclosed aerial photograph correctly.

The water rights numbers 22-11789 and 22-11790 were filed by Leon Weston for the Fred Weston Estate. Date of filing is not known but after 1977 when Leon Weston began operating the farm for the owners. Both of these filings have the **place of use** incorrectly marked, SE SW block should have been checked. Neither of these filings was intentionally made for the James Brooks property but, the James Brooks property has a well,

The **place of use** is marked on the aerial photograph for the three ground water rights and a specific water right is labeled for each location. Water right 22-11789 is assigned to the James Brooks property but I have no documented basis for this decision. If the Idaho Department of Water Resources has a basis for exchanging the **place of use** for 22-11789 and 22-11790, then this may be changed.

Sincerely,

Rondo F. Weston, for Weston Farm LLC
