RE: Permit Nos. 67-14379 & 67-14380

Permit Condition Modification Notice

Dear Permit Holders:

The Department of Water Resources has issued an order which modifies permit condition number 8, that states the right holder shall install and maintain a measuring device and lockable controlling works as part of the diverting works. Basis for modification of the permit condition comes from a letter we received on May 26, 2009, from Merrill (Joe) Stippich water master of water district 67A. Please note the lockable devise is still part of the condition set forth in the enclosed Order Modifying Permit Condition.

Also, please note that water right owners are required to report any change of water right ownership and/or mailing address to the Department within 120 days of the change. Failure to report these changes could result in a \$100 late filing fee. Contact any office of the Department or visit the Department's homepage on the Internet to obtain the proper forms and instructions.

If you have any questions, please contact me at 208-287-4945.

Sincerely,

Darla Block, Technical Records Specialist
Water Allocation Bureau
