RE: Change of Ownership for Water Right No. 55-4002

Dear Mr. Young:

The Idaho Department of Water Resources (Department) has processed your "Change of Water Right Ownership" for the above referenced water right (enclosed proof report). Our records will be changed to reflect Ernie Bahem as the *original owner* and J Lavar Young as the *current owner*. Please note that some of the lands identified on this water right appear to be owned by 1) State of Idaho, approximately 6 acres (Twp.6S, Rge. 4W, Sec. 16, SE SE & SW SE) and 2) USDI Bureau of Land Management, approximately 1 acre (Twp. 6S, Rge. 4W, Sec. 22, NW NW). Please refer to the enclosed map.

A perfected water right (in this case a decreed right) is considered to be appurtenant (legally attached) to the land upon which it has been authorized for use. Any proposed changes to those portions of the right that may be owned by persons or entities other than J Lavar Young may not be processed without consent from the legal owner of the property. Records related to Water Right No. 55-4002 will be noted that there may be multiple land owners within the described place of use. Please feel free to contact this office if you have questions concerning this letter.

Respectfully,

ROB WHITNEY
Sr. Water Resource Agent
