Subject: Notice of Change in Water Right Ownership, Water Right 65-13249 (Spring Gulch Spring)
Statements of Completion, Water Rights 65-13903 and 65-23115

Dear Steve:

Enclosed is Notice of Change in Water Right Ownership for water right 65-13249 currently listed in the names of Ida M. Kuenzli and Ronald L. Kuenzli. The water right was originally licensed in Ms. MacGregor's name for stockwater use from a spring and from Spring Gulch in NWSESW Section 26, T7N, R1W. From reading the water right backfile, it appears that the Kuenzlis purchased adjacent lands from MacGregor and her son, J.G. Schwartz, in 1997. Water right license 65-13249 was inadvertently included in the ownership changes associated with that land purchase. As you will see from your files, the legal description for the lands purchased by the Kuenzlis did not include lands in the SW 1/4 of Section 26 to which license 65-13249 is appurtenant.

I have enclosed Carol's warranty deed with the Notice of Change in Water Right Ownership for processing purposes. A fee was not included since this is a request for correction of an ownership change that should not have occurred.

Also enclosed are Statements of Completion for Submitting Proof of Beneficial Use for water rights 65-13903 (Janelle Creek) and 65-23115 (Reservoir Spring). Check No. 3463 is included for the \$150 processing fees; \$100 for 65-13903 and \$50 for 65-23115.

Please let me know if there are any questions. Thanks Steve.

Sincerely,

Lori Graves
