Re: Change of Ownership for Water Right 72-4192A, 72-187B

Dear Water Right Holders:

The Department acknowledges receipt of correspondence changing ownership of the above referenced water rights to you. The Department has modified its records to reflect the change in ownership and has enclosed computer-generated reports for your records.

Please note that as of July 1, 1996, water right owners are required to report any change of water right ownership and any change of mailing address of the owner of a water right to the department. Notice of the change must be provided to the department within 120 days of the change. Change reporting forms are available from any office of the department.

In reviewing your submission I was unable to change Water Rights 72-187A and 72-186B. Water right 72-187A listed on your Assignment belongs to Lonnie Haley. I believe the number should have been 72-186A which does belong to the Sullivans. I need a corrected copy of the Assignment before I can change the water right. Water right 72-186B only has Katherine signature on the Assignment. When I spoke to you on the phone and you indicated Fred Winter has passed on. I need documentation showing Katherine has received his part of the Estate and I can proceed with the ownership change for that right.

Please feel free to contact this office if you have any questions regarding this matter.  
(208) 736-3033

Sincerely,

Carrie Hahn
