Here is the last entry I have to the email string that I exchanged with Mr. Davis and others in October 2008. I believe that Mr. Homan was contacted because I have memos in this permit file dated November 12, 2008 summarizing Mr. Homan's determination. I will scan and forward them to you ASAP. (The earlier portion of the backfile has been scanned and is available via our web page.)

Denny,

4/27/2009

I have just come from the Bureau Chief's office. He has given me the ok for a temporary delay in issuing the license. He also recommended that I ask John Homan to assist us. Mr. Homan's phone number is 208-287-4812 and you will note that I have cc'd him on this message.

I have your clients water right file in my cubicle. Without it John will not be able to address specific questions, but I will make sure that the file 'housekeeping' tasks get completed as soon as possible.

Sincerely,

Michele

Michele:

We are reviewing the pertinent statutes in response to our recent telephone conversation. I would like to ask 2 things of you. First, can the Department delay issuing the license just briefly while we explore whether it might be important to obtain an assignment of the permit. Secondly, is there a Deputy AG that we could speak to in order assist us in understanding the statutory provisions?

Kindly reply both to me and Ms. Simpson.

Thanks.

Denny
