Subject: Application for Transfer, Water Right 63-31791

Dear Steve,

On behalf of Mike and Joan Boren, attached is an Application for Transfer to correct the location of a point of diversion listed on water right 63-31791. Rob Whitney discovered the discrepancy during the drilling permit process for the second irrigation well authorized under the water right. Please see Rob's attached e-mail correspondence and well location map for additional information.

We are requesting that this transfer application be expedited due to the conditions the applicant is subject to regarding use of the recently drilled well. Since this is a simple transfer that seeks to clarify, rather than physically change an existing well location, public notice may not be necessary.

Check No. 4766 is included for the \$100 filing fee. Please let me know if there are any questions. Thanks Steve.

Sincerely,
