

Dear Earnie

4/7/09

#1. The condition of approval I would request to be eliminated in light of the modified place of use map. This map I believe depicts the historical use as well as the lay of the land.

I would agree to not irrigate in excess of 7.5 acres in agreement with the right limit.

The condition of approval #4 be eliminated with a limit of water below the pond to irrigate Hallen's 1 acre and also to satisfy Stan Swearing water right out of St 4th of Dry Creek. OPCFS + Hallen's for flow through. Swearing

Thank You

Robert Hallen
