Re: United Water Idaho
2009 Water Supply Bank Rental

Dear Mr. Marshall:

Please find enclosed with this letter an application to rent 150 acre feet of water from the Water Supply Bank for use at the United Water Idaho Maple Hill No. 1 well. Also enclosed is an application to lease this same amount to the Water Bank. The water we wish to lease is under water right 63-07066. The primary point of diversion for this right is the United Water Idaho Goddard well, a municipal supply well that has been in use since 1970. This right has been recommended in the SRBA and I have included a copy of the pump operator data sheet from July 2008 as evidence of use of this right. Based on the most recent Water Bank fees, I have enclosed a check in the amount of \$210 to cover the Water Bank administration fee.

Sincerely,

A handwritten signature in black ink, appearing to read 'Roger Dittus'.
