Shelley,

We're in the process of contacting Brockway to get a status report and will get back to you as soon as possible. Thank you.

Jim

Jim,

Six months ago we discussed a plan to address the Kammer transfer, which was remanded to IDWR by the district court. Our plan was that Dr. Brockway would prepare a report explaining the request to divert more than 0.02 cfs/acre, IDWR would consider the report and issue a new order, and your clients could request a hearing if they still disagree with the order.

Meanwhile, the change proposed in the transfer application would not be authorized.

IDWR has not yet received a report from Dr. Brockway. Could we discuss a timeline for addressing this matter? If you think it will take much more time, we should undo the database entry associated with the transfer approval so that it does not appear to be effective.

Sincerely,

Shelley Keen
