Re: Application For Permit to Appropriate the Public Waters of the State of Idaho

Dear Mr. Sonnen:

In processing your application to appropriate water, the Idaho Department of Water Resources found the source of water for your request is actually an unnamed stream that is tributary to the South Fork of Santa Creek. To save time I've developed an electronic version of your application which includes the correction for the source. I also changed the name connector to "And/or", which would allow either Gary or Sandra to sign any required documents rather than both. If this meets with your approval, please sign and return the application, at your earliest convenience, so as not to delay further processing.

If you have any questions, feel free to contact me at this office.

Sincerely,

Keith E. Franklin

Dear Mr. Franklin,

Thank you for taking the time to prepare and electronic version of our applications. We did make one change to the aerial photo map displaying the PUD and POU. We switched the POU and PUD to more accurately show where each would be located. Thanks you again for your assistance.

Sincerely,

Gary and Sandra Sonnen
