PROOF ACKNOWLEDGMENT LETTER AND AMENDMENT REQUEST

RE: Water Right Permit No. 63-31598

Dear Permit Holders:

The Department acknowledges receipt of the proof of beneficial use form and field examination submitted for the above referenced permit.

The Department is now reviewing the permit referenced above prior to issuing a water right license. By issuing a license, the Department confirms the extent of development that has been established in compliance with the terms of the permit.

The examiner who verified your water use reported that certain elements of the permit have been developed differently than described on your permit. Changes that do not increase the authorized use of water under the permit can be requested and approved in accordance with Section 42-211, Idaho Code. Before a license can be issued, your permit must be amended to depict your water use as it was actually developed.

Based on the examiner's report, the following elements were developed differently than described on your permit:

☒ Point of Diversion

☒ Place of Use

☒ Other (beneficial use changed from municipal to irrigation)

The enclosed Application for Amendment form depicts the elements of the water right as they will appear on the license when it is issued. Please review the amendment form carefully. If you concur with the information presented, please sign the form and return it with the \$50.00 filing fee within 14 days.

Be advised that Section 42-248, Idaho Code, requires you or the owner of this water right to maintain current ownership and address records on file with the department. Forms to file a change of ownership of a water right and/or a change in the address of the water right owner are available from any department office.

If you have any questions, please call me at (208) 287-4944.

Sincerely,
