PROOF ACKNOWLEDGEMENT LETTER

RE: Permit No. 63-31931

Dear Permit Holder(s):

The department acknowledges receipt of the proof of beneficial use ("proof") form submitted for the above referenced permit. The fee you paid is the correct amount for the maximum diversion rate of 0.15 cfs as listed on your permit. The proof you submitted states 1.5 cfs which is not acceptable under this permit.

Permit conditions no. 6 & 9 state that irrigation for landscape is for 10 homes, and should not exceed ½ acre per lot for which a home has been constructed. Please refer the copy of your permit enclosed. If you are irrigating more than what is allowed for this permit, you will need to file another application.

The next step in the process of developing a water right is for the department to conduct a field examination to determine and confirm the use being made of the water, and that it meets the permitted beneficial use.

Please be advised that Section 42-248, Idaho Code, requires you or the owner of this water right to maintain current ownership and address records on file with the department. Forms to file a change of ownership of a water right and/or a change in the address of the water right owner are available from any department office.

If you have any questions about the field examination, please contact the **Western** Regional Office of the department in Boise at (208) 334-2190.

Sincerely,

Darla Block
