Re: Application For Permit to Appropriate the Public Waters of the State of Idaho and
Adjudication Claim to a Water Right

Dear Ms. Freeman:

The Idaho Department of Water Resources is returning your recently submitted claim to a water right, since it's incomplete and was not accompanied by the required fee.

You also submitted an application for a new water right on the same property. Which do you want? The claim states the float house has only been on the property for the last 10 years. In order to file a claim for an existing developed water right, water from Lake Coeur d'Alene would have needed to been used prior to May 20, 1971. After that date a license from the State of Idaho would have been required prior to the use of any water. The claim makes no mention of a date of priority, if a water right existed prior to 1971. If you have questions regarding claims in the adjudication, you may contact either Chad Goodwin or Ken Knoblock at this office.

The department will hold the application for the new water right in abeyance until it hears from you, so please let me know your decision within the next 30 days. If you have any questions, feel free to contact me at this office.

Good afternoon, Kattie,

Attached is our cover letter requesting publication on April 2 and 9, 2009 of a legal notice, also attached.

This is a pretty long one – encompassing 6 new water right applications. Hopefully you can simply copy and paste.

I'll need a proof/preview copy before this goes to press for my review. Mostly it's to check layout so our general public doesn't get confused with what we are doing.

Thanks for all your great help. I do appreciate what you do for us.
